

CLARK COUNTY STAFF REPORT

DEPARTMENT:

Auditor's Office, Public Works

DATE:

Sept. 1, 2026

REQUESTED ACTION:

Authorize the Auditor's Office and Public Works to submit grant applications to the Autzen Foundation, BNSF Railway Foundation and other nonprofit organizations requesting funds in support of implementing safety measures related to motorized bicycle, scooter and other micromobility devices.

- ☒ Consent
- ☐ Hearing
- ☐ County Manager

BACKGROUND

Background:

Due to an uptick in use and issues within county parks, trails and naturalized areas related to motorized micromobility devices (bicycles, scooters, skateboards, etc.), Public Works has been working with the Sheriff's Office and other stakeholders to address safety concerns while still ensuring our parks and trails remain accessible for all.

As a result of these conversations, Public Works is creating a new motorized micromobility device policy to guide signage, strategic community engagement and educational programming to encourage safe use of these devices in public spaces.

The grants program manager in the Auditor's Office is partnering with Public Works to submit grant applications for funding in support of these efforts, identifying nonprofit organizations that include Clark County in their geographical scope, include local government eligibility and/or have histories of issuing grant funding and/or donations within Southwest Washington that align with our project scope. Without funding specifically for these efforts, Public Works does not have existing budget or staff capacity to implement any policy, signage or programming related to micromobility device use on county properties.

The Autzen Foundation has a brief Letter of Interest due by Sept. 4, with a full grant application deadline of Sept. 11, if invited. Submitting this application and others will allow the county to seek funding in support of community safety. If awarded, grant funding would support selected components of the proposed safety efforts. Grant programs currently being pursued offer limited funding amounts and are not expected to cover the full program scope. Depending on award size, funds may be used for activities such as creating and installing signage at county parks, natural areas, and trails; hiring a consultant to develop youth-focused behavior-change messaging around safe device use; and creating and distributing educational materials throughout the community. Early implementation concepts include summer recreation safety presentations at up to six of Clark County's twelve public high schools, but the number and type of activities ultimately delivered will depend entirely on available funding. Overall program costs related to signage, consultant services, and educational outreach are estimated at up to \$120,000, and actual goals and activities will be scaled based on the funding secured.

Approval of this staff report demonstrates council's support of the concept and submitting grant applications to nonprofits as opportunities allow. It does not imply approval of an eventual grant agreement. If the county's proposal is selected for funding, the Auditor's Office/Public Works will request council approval prior to entering into a grant agreement.

Review by applicable departments/offices:

The associated documents have been reviewed by Public Works Business Services, Parks and Nature and the Auditor's Office.

Prior council discussions/direction/approval:

There has been some discussion surrounding the issue of motorized micromobility devices; council has requested a work session on the topic.

COUNCIL POLICY IMPLICATIONS

ADMINISTRATIVE POLICY IMPLICATIONS

Public Works will be working with other departments countywide to develop policies, code and other relevant components regarding this topic to advance public safety protocols in our parks and trails.

COMMUNITY OUTREACH

The Clark County Sheriff's Office and Public Health have created and began distributing some materials about electric micromobility device usage, legality and safety. Public Works staff have been responding to individual resident questions and complaints about using these devices on county properties, but do not currently have the staff or budget capacity to create and distribute the necessary policies, signage and outreach we believe is needed to most effectively address the community's growing concerns. This request will enable increased community outreach about safe, legal and appropriate motorized micromobility device usage.

BUDGET IMPLICATIONS (IF APPLICABLE)

Identify any budget implications and impact and coordinate with the Budget Director. For additional information and resources, please reference these Budget Office Resources:

- [Budget Office ClarkNet Site](#)
- [2026 Budget Resolution \(PDF\)](#)
- [Operating & Capital Budget Actions and Required Approval Grid \(PDF\)](#)
- Position Changes Costing: [Budget Office Position Changes Costing Request Form](#)
- New Positions Costing: [New Position/Position Costing Request Form](#)

For any new or changes in FTE, please include the costing documentation provided by the Budget Office as an attachment to this Staff Report.

YES/NO	BUDGET IMPACT
YES	Operating Budget Impact
NO	Capital Budget Impacts
YES	Action falls within existing budget capacity.
NO	Action falls within existing budget capacity but requires a change of purpose within existing appropriation. If YES, please complete the budget impact statement. If YES, please route this Staff Report through the Budget Director and then to the County Manager.
YES	Additional budget capacity is necessary and will be requested at the next supplemental or annual budget. If YES, please complete the budget impact statement. If YES, please route this Staff Report through the Budget Director and then to the County Manager. This action will be referred to the county council with a recommendation from the county manager.

BUDGET DETAILS

Dollar Amount	120,000 in potential future grant funding
Fund	1032 MPD Operations
Cost Center	CC244
BASUB	B5768000
Program	PG0561, PG0593

BUDGET IMPACT ATTACHMENT (IF APPLICABLE)

- Identify any budget implications and impact and coordinate with the Budget Director. For additional information and resources, please follow this [link](#).
- Identify specific Questica Change Requests, if known, at the time of submission for documentation.

Part I: Narrative Explanation

Provide a succinct explanation of what the request does that has fiscal impact and the assumptions for developing revenue and costing information.

Part II: Estimated Revenues

Identify types of revenues (grant, fees, etc.).

FUND #/TITLE	2026 ANNUAL BUDGET		2027 ANNUAL BUDGET		2028 ANNUAL BUDGET	
	GF	Total	GF	Total	GF	Total
1032		68,668		26,268		23,301

TOTAL

Part III: Estimated Expenditures

Provide total expenditures for three (3) years.

FUND #/TITLE	FTEs	2026 ANNUAL BUDGET		2027 ANNUAL BUDGET		2028 ANNUAL BUDGET	
		GF	Total	GF	Total	GF	Total
1032			68,668		26,268		23,301

TOTAL

Provide total expenditures by object category for three (3) years.

FUND #/TITLE	2026 ANNUAL BUDGET		2027 ANNUAL BUDGET		2028 ANNUAL BUDGET
