BACKGROUND

Background:

The Community Development Block Grant (CDBG) and the Home Investment Partnerships Program (HOME) are two federal grant programs administered by the U.S. Department of Housing and Urban Development (HUD). These programs provide annual allocations to carry out community and economic development activities, improve affordable housing options, and provide improved community facilities and services. CDBG and HOME activities must meet several HUD requirements and must be used to benefit households with low-to moderate- income. The CDBG funds may only be used for projects that benefit households at or below 80% of area median income and HOME funds primarily benefit households at or below 60% of area median income.

State and local governments that receive CDBG and HOME funds are required to provide HUD with a five-year Consolidated Plan, an Annual Action Plan, and a Consolidated Annual Performance and Evaluation Report (CAPER). The Council approved the 2025-2029 Consolidated Plan and 2025 Annual Action Plan on May 6, 2025. The CAPER, which does not require Council approval, describes program activity which occurred during the 2025 Action Plan program year, July 1, 2025 through June 30, 2026.

To ensure public participation in CDBG and HOME activities, HUD requires at least two public hearings each year to obtain residents' views on housing and community economic development needs, proposed activities and program performance. Community Services is requesting a public hearing to receive public comments regarding needed programs and projects in communities throughout Clark County outside Vancouver city limits and the 2025 CAPER prior to submission to HUD. Submission of the CAPER is due to HUD by September 28, 60 days from the close of the program year on June 30. A public hearing will be scheduled in the spring to review new proposed activities recommended through the PY2027 request for application process.
